- c. Firms which are not registered with HIT can also participate in tender. These firms will deposit 5% earnest money (returnable) of the total value of indent with quotation. However, qualifying firm will have to get registered from Development Group DESCOM prior to processing the contract after completing all procedures/ requirements which can be sought from above mentioned offices/ given numbers.
- d. Firms will submit Technical / Commercial proposal in separate envelopes. Tender inquiry number and date of opening to be mentioned clearly on head of both Technical and Commercial proposals envelopes.
- e. Technical offers, will be scrutinized by a board, and Technical Offers of only those firms will be accepted which have capability/ capacity to under take development (Evaluation criteria is mentioned at clause 11). Commercial quotation of not qualified firms will be returned to firms dully sealed.
- f. Managing Director DESCOM shall have the right to reject any or all of the tenders in accordance with PPRA Rules 33 (1).
- g. Firms will prepare complete Technical Data Package (TDP) as per following criteria:-

- (i) Part drawings alongwith complete dimensions and tolerances as per genuine sample.
- (ii) Assembly drawing alongwith complete dimensions and tolerances.
- (iii) Manufacturing drawings & welding drawings.
- (iv) Complete material specifications as per genuine sample.
- (v) Tools, Jigs & fixtures nomenclature along with usage as per processes defined.
- (vi) Manufacturing process sheets encompassing all machining including heat/surface treatment and other process required as per genuine sample production requirements:-
 - (a) Microstructure of Parts/items: The microstructure of materials of components/parts/items must match the microstructure of the final developed items/components/parts of the assembly.
 - (b) Heat Treatment process with temperature, types of processes involved and depth of treatment.
 - (c) Surface treatment process along with surface depth of required coatings alongwith complete process sheet.
 - (d) Casting process (subject to respective item). Location of runner and risers. Size of riser and method of venting etc.
 - (e) All those processes which require i.e. forging, casting, machining will be followed by firm as per genuine sample and be made part of process sheets.
- (vii) QC documents consist of following criteria:
 - (a) Stage inspection.
 - (b) International standard/ specification.
 - (c) Part inspection criteria.
 - (d) Assembly inspection criteria.
- (ix) Firm will submit complete development/ control plan in form of Gantt chart etc, encompassing all the stages of development cycle along with technical course to be adopted mentioned above alongwith the technical offer. The control Plan is basically an outline of how contractor verifies fulfillment of the requirement of this IT. The Control Plan shall summarize the control techniques used from receipt of raw materials to shipment of product. Test/ Inspection characteristic values shall be identified in the development process. The initial control plan shall be established prior to qualification and shall reflect the product and process controls used to manufacture the qualification hardware. The control plan shall be in chart form and reflect the following; Supplier Name, Process or Product Name, and /or number, Plan revision and revision date, Operation number or process step, Process parameters and product characteristics methods of control (e.g. gage, test etc), sample size and frequency, Analysis Method (e.g. control chart, lot plot, run chart, etc) and other important control information. The control plan shall address the test methods/ equipment used to meet the requirement of this IT.
- h. Firm will dev complete drawings, TDP, jigs & fixture within 06 months and get its approved from DESCOM and user factory from the date of publication of IT/tender in newspapers
- j. Firms having excellent past record of supply / experience with **DESCOM** as far as quality and timely provision of store is concerned will be given preference.
- k. Over writing and cutting of any nature in the quotation will not be accepted.
- l. HIT reserves its right to cancel the bidding process with out justification/reason.

- m. In case of any dispute regarding the terms and conditions and the quality of stores, the decision of the Chairman HIT Board will be considered as final.
- n. Indenter / purchaser reserves the right to increase/decrease the quantity of items, included in the tender without any reference to the firm.
- o. HIT will not engage any other firm for dev of same assembly during this period / quantity agreed.
- p. HIT will place contract with firm as per tendered quantity. For future requirement, rate will be decided by user factory as per procedure/rules in vogue.

10. **Technical Evaluation Criteria:** Following criteria will be adopted for evaluation of Technical Quotations of firms:-

Details		Mks	Remarks	
a.	Engrs	10	(1 Mk for engr & 0.5 Mk for DAE)	
b.	Test Lab	15	Cat A: (15)	Precision Metrology eqpt and adherence of intl/testing std i.e. ASTM etc. Should have cap for Destructive & NDT. Heat Treatment & Surface Treatment Test facility.
			Cat B: (10)	Spectro analysis, Hardness testing, Ultrasonic/x-ray crack detection facilities.
			Cat C: (05)	Spectro scopic analysis & hardness tests cap.
c.	QA Sys	15	Should have well estb Quality Mgmt Sys' involving QC & QA dept and development of QC document presentation	
d.	Capacity	15	Development of Control Plan encompassing all aspects from raw material to end products.	
e.	Capability	20	The no of and type of engg processes eg. Machining, forging casting, moulding, stamping, Heat Treatment, Surface treatment etc.	
f.	Design/Drg Facility	15	Cat A: (15)	Design drg, Mfr drg, Assy drg (Cap to define High Precision Heat Treatment' and Surface Treatment processes).
			Cat B: (10)	Mfr drg, Assy drg, (Cap to define appropriate Heat Treatment and Surface Treatment processes).
			Cat C: (05)	Assy drg (cap to define reasonable Heat Treatment process, desiredable to define surface treatment process).
g.	Fin Str/ Profile	5		
8	Proj Under Taken	5		
Total		100		

11. **Award of Contract:** Contract will be awarded to best evaluated bidder

12. **FIRM'S DECLARATION:** I/ We have studied and understood the instruction of tender enquires and all conditions.
